

Hendrik Stolzke

M.Sc. Candidate Digital Business Engineering
B.Sc. Applied Artificial Intelligence

PERSONAL INFORMATION

+49 0176 32743192

hendrik.stolzke@gmail.com

Address:
Hautstraße 76/1
72827 Reutlingen

SKILLS

- Version control tool Git
- Advanced knowledge of Microsoft Office (VBA)

Programming Languages

- Python, C++/C, Java, SQL

Artificial Intelligence

- Data Science
- Machine Learning
- (Un-) Supervised Learning
- Deep Learning
- Natural Language Processing
- Reinforcement Learning

LANGUAGES

- English (C1)
- German (Mother tongue)
- Swedish (Basics)

HOBBIES

- tennis, snowboarding, fitness training,
- AI & robotics side projects, 3D-Printing and programming hobby projects

PROFILE

First and Last Name: Hendrik Julian Stolzke
Date and Place of Birth: 27.11.2002 in Reutlingen
Nationality: German

As a Master's student in Digital Business Engineering, a Bachelor's graduate in Applied Artificial Intelligence, and a trained IT specialist in system integration, I combine solid scientific knowledge with practical industry experience. This combination enables me to solve real-world challenges efficiently and innovatively. I am particularly fascinated by the potential of Artificial Intelligence to advance the world through smart solutions. What motivates me most is the continuous challenge of critically analyzing, optimizing, and further developing systems.

WORKEXPERIENCE

Skilled Production Worker 29.01.2022 - 30.09.2022
Robert Bosch GmbH, Facility Reutlingen (RtP2) MFG1-W100G1
• In the Value Stream Radar/Video department in Reutlingen Kusterdingen

VOCATIONAL TRAINING

IT Specialist for System Integration 01.09.2019 - 01.01.2022
Robert Bosch GmbH, Facility Reutlingen (RtP1) HRL-Rt-TVT, MFI3, CI
Ferdinand-von-Steinbeis-Schule Reutlingen
• Completed an accelerated 2.5-year vocational training in Reutlingen, including a vocational school diploma at Ferdinand-von-Steinbeis-Schule with distinction, grade: 1,7

SCHOOL EDUCATION / STUDIES

Digital Business Engineering - Master of Science 01.03.2026 - Today
Reutlingen University

Applied AI - Bachelor of Science 01.09.2022 - 28.02.2026
Offenburg University of applied Science
• AI projects such as Autonomous Carrera Track and material identification in the drilling project, as well as elective courses: IT Security, AI Project in Medical and Materials Engineering, Student Ambassador, Entrepreneurship and General English Refresher B2

Delta Exam Baden-Württemberg 06.06.2022
University Mannheim

• Advanced university entrance qualification for subject-specific higher education

Part-time university entrance qualification (FH) 01.09.2019 - 01.07.2022
Ferdinand-von-Steinbeis-Schule Reutlingen
• Obtained the technical college entrance qualification (3 years) at evening school, self-initiated during vocational training

Intermediate School Diploma (Mittlere Reife) 01.09.2013 - 01.07.2019
Community School Pliezhausen
• Obtained the intermediate school diploma with distinction and school specialization: IT classes since grade 5, technical subjects as profile courses since grade 7

Primary School Oferdingen 01.09.2009 - 01.08.2013

AI-PROJECTS

- **Tennis Ball Machine :**
Blender, 3D-Printing, Python, Jetson Orin Nano, Lidar, camera, PWM motor control
- **Autonomous RC Car:**
Python, Jetson Orin Nano, Lidar, camera, PWM motor control
- **Raspberry Pi 5 Smart Alarm Clock:**
Python, PyQt GUI, news feed, AI-based stock predictions
- **Autonomous Carrera Track:**
Reinforcement Learning with PPO and DDPG, two selectable AI drivers (Python)
- **Cordless Drill Project:**
Material identification using sensors and ML (Python), visualization via tkinter GUI
- **Mobile AI Dating App & Server:**
Flutter/Dart app with Dell EMC server communication for matching and chat functions
- **Movie/Series Recommendation System:**
Apriori algorithm, association mining (Python)
- **Ramsch Card Game:**
Text-based client-server Java game with AI player
- **Hackathon Project:**
Time series analysis and prediction using Random Forest (Python)
- **Heart Attack Prediction:**
Medical data analysis using Gaussian Naive Bayes (Python)
- **Book/Film/Series Management System:**
Java Swing GUI, database creation, JDBC connections, SQL queries

PROFESSIONAL EXPERIENCE / INTERNSHIPS

- Student Assistant** 01.08.2026 – Heute
Hochschule Reutlingen, Center for Entrepreneurship
- Bachelor Thesis** 01.03.2025 – 31.08.2025
Robert Bosch GmbH, Facility Bühl (Bueh) EM/MFD1
 - Thesis in 7th semester topic: "Detection of Anomalies in Measurement Data from Highly Automated Production Lines and Root Cause Analysis".
- Working Student** 01.03.2025 – 31.08.2025
Robert Bosch GmbH, Facility Bühl (Bueh) EM/MFD1
 - Continuation of voluntary practical work during 6th semester
- Voluntary Internship** 22.01.2025 – 28.02.2025
Robert Bosch GmbH, Facility Bühl (Bueh) EM/MFD1
 - Development of practical solutions for industrial environments, including the PANDA Production Anomaly Dashboard
- Mandatory Internship** 01.09.2024 – 21.01.2025
Robert Bosch GmbH, Facility Bühl (Bueh) EM/MFD1
 - Internship "applications of AI solutions in the industrial environment". Practical approaches for industry, including the design and development of an application called PANDA (Production Anomaly Dashboard)
- BORS Internship** 06.11.2017 – 10.11.2017
Robert Bosch GmbH, Facility Reutlingen (RtP1) HRL-Rt-TVT
 - Secondary school internship in the Technical and Vocational Training (TGA) department at Robert Bosch GmbH in Reutlingen
- Business makes school** 03.05.2017 – 24.07.2017
Manz AG, Reutlingen/Tübingen
 - Built a robot with electrotechnical components (Robotics)
- BORS Internship** 24.04.2017 – 28.04.2017
Daimler AG, Esslingen-Brühl Commercial Vehicle Engine Test Field
 - Secondary school internship in the commercial vehicle engine testing field at Daimler AG in Esslingen-Brühl
- Boys Day** 28.04.2016
Daimler AG, Esslingen-Brühl Commercial Vehicle Engine Test Field
 - One-day nationwide career orientation event

SOCIAL ENGAGEMENT

- Student Ambassador** 17.03.2025 – 04.07.2025
Offenburg University of Applied Science
 - Student Ambassador of the study Applied Artificial Intelligence Offenburg University in elective subject
- First Aid Training for workplace first responders** 02.03.2021
DRK German Red Cross Tübingen
- Intercultural Training for Trainee** 20.03.2020
Seminar of IHK Reutlingen
- Basic Medical Care / First Aid Training** 20.07.2017 – 21.07.2017
Johannitern
- Project „Social Engagement“** 24.11.2015 - 05.04.2016
Community School Pliezhausen
 - Community service as a recess supervisor at Pliezhausen Primary School

Reutlingen, 14.08.2026

Hendrik Stolzke
